DUNDEE DIRECTORY.

GENERAL NOTICE.

THE greatest War in history, precipitated by Germany on 1st August last year, has very largely diverted public attention from local to international affairs, and with a unanimity never before witnessed all parties in the State have loyally supported the Government in the prosecution of the titanic struggle; and the Colonies and India have responded whole-heartedly in defence of the common cause. Thanks to our Navy, Britain's food supplies have suffered no diminution, and our insular position has saved us from invasion. Air craft and submarines have been active, and have done a good deal of damage; but we have been spared the devastation that overtook Belgium and Northern France. In pooling the war expenses, Britain, France, and Russia ensured that the War would be prosecuted to a successful termination, and the binding obligation that none of the three Powers would conclude a separate peace with any of the belligerents augurs well for a permanent settlement of Europe after the Allies have obtained the victory.

While we deplore the terrible sacrifices caused by the German lust for power and a larger place in the world, there are several features in the struggle that enhance Britain's self-respect and raise her prestige among the nations, such as Sir Edward Grey's energetic efforts to preserve the peace; the Government's determination to stand by Britain's pledges to Belgium; the practical unanimity of all parties in the State to support intervention; the splendid rally of volunteers to the colours; the magnificent Imperial response to support the Motherland; the heroism and bravery of our soldiers and sailors, and their humane treatment of the captured enemy. From first to last "honour bright" has been the motto.

The same cannot be said of the Germans. Witness the Belgian Treaty treated as a "scrap of paper"; the atrocities perpetrated on innocent Belgians; the wanton destruction and looting of property; the dropping of bombs on undefended towns, killing women and children; the sinking without warning of unarmed vessels with unoffending civilians on board; the use of asphyxiating gas to overpower the soldiers; the poisoning of wells and the shooting and burning of prisoners, all testifying to a barbarity most reprehensible in a people who boast of their "kultur."

Dundee responded to the call for recruits in a creditable manner, and so great has been the drain on our young manhood that it has been with great difficulty business establishments have been kept going. The classes at University College were greatly depleted by the number of students who enlisted for active service, and our Public Schools were minus many teachers. Vacant places in the industrial ranks had to be filled up, and to the credit of our women workers many of them cheerfully undertook the duties that their brothers used to do. In providing warm clothing for soldiers and sailors Dundee women of all ranks have done noble service. Thousands of parcels of underclothing of all kinds have been made and dispatched to the men at the front on sea and land. The recipients have acknowledged gratefully the usefulness of the gifts, and many letters of appreciation have been received. The Drill Halls in Bell Street and Douglas Street, Dudhope Castle, Broughty Castle, and the Western Poorhouse have all been occupied by Territorials in training, and many have been billeted in their own homes till their departure to the front. Our men of the 4th (City of Dundee) Black Watch Battalion have distinguished themselves in the field and gained honourable mention. They had been only nine days in France when they were fighting side by side with the regulars in the trenches in the desperate battle of Neuve Chapelle. For the accommodation of the large number of wounded that came to the city, several wards in the Royal Infirmary and Eastern Hospital, the Caird Rest, Cox's Half-time School, the Lodge (Broughty Ferry), and Monifieth Hospital, were provided, and the kindness shown to the soldiers in all these places has been very gratifying.

A large number of Dundee men have shed their blood in the cause of liberty, and it is significant of the close comradeship in the hour of danger that the officers who have fallen are greater in proportion than the rank and file. All honour to the heroes who have laid down their lives on the altar of duty.

Dundee's contribution to the War Relief Funds has been exceptionally liberal, which shows that the heart of the people is deeply moved by the tragic struggle our soldiers and sailors are waging to overcome the world-mastering ambition of Germany.

As another indication of the patriotism that inspires the community, a powerful civic guard has been formed of those beyond military age, or younger men prevented by the claims of business from joining Kitchener's army. Should a hostile force invade our shores the reserves of Dundee will be trained and ready to meet them.

Pessimists who feared the War would bring bad trade have been disappointed. Some of our foundries never were busier. They have been working full pressure making war material for the Government. A few weeks ago Dundee and district was formed into a war munitions area, and a strong committee of masters and men appointed to organise every available man and machine to expedite the delivery of war material. This is a new industry for Dundee, which we hope will speedily be superseded by the claims of peaceful industry. The demands of the War Office and Admiralty for canvas, ducks, and other kinds of linen goods necessitated the working of overtime in

some establishments. The jute trade had an order for several millions of sand bags, and all available machinery was put on to fulfil it expeditiously. A scarcity of workers was experienced, and all who were willing and able to work were employed. Wages were increased as an inducement, and this attracted a considerable number of fisher girls from Fifeshire and Aberdeenshire whose trade had been dislocated by the war turmoil in the North Sea. A war bonus of two shillings per week was given in the textile industry to all who worked full time, consequently wages never were higher than at present. The same remark applies to other industries. The withdrawal from industrial pursuits of millions of men, and the commandeering by the Government of railways, foundries, and ammunition factories, with all their working staffs, has left the trade of the country to be carried on by the depleted ranks.

The Royal visit to Dundee on 10th July last was a brilliant success. Fortunately the weather was favourable, and the lavish decorations along the whole route were seen to advantage. There was no mistaking the sincerity of the welcome, and the Royal party as well as the citizens were greatly delighted.

Lord Provost Urquhart, who had received a Knighthood, was, on completing six consecutive years as Lord Provost, presented with his portrait in oils, Lady Urquhart at the same time receiving a diamond bracelet. The election of Lord Provost Don to the civic chair was popular, and, though the war has added to his onerous duties, there is full confidence that he will uphold the dignity of his position.

Good progress has been made in buying up the various properties within the Central Improvement area. The clearing of the ground is well advanced, and a commencement has been made by driving reinforced concrete piles for the foundations of the new City Hall.

Temporary erections have been put up at the west side of the Greenmarket to accommodate several of the shopkeepers whose premises have been demolished. Early in August the Military Authorities commandeered the Flower and Fruit Market at Craig Street for military stores, and the harbour shed at the mid quay was secured as a substitute. Owing to congestion at the wharves, however, it was found necessary to remove elsewhere. A temporary building was therefore erected at Shore Terrace, and has proved very successful.

A Nursing Home for women has been erected and opened at Balgay. The School for Physically Defective Children in Balgray Road and the extensive addition to the Morgan Academy have both been completed and occupied. Glebe Lands School is nearing completion, and the plans for a new school in Bellfield Street have been passed. The Education Board, however, declines to sanction expenditure during the War, and building operations will be indefinitely delayed. The Training College in Park Place is built and will soon be ready for occupation. A Sports Pavilion on the south side of Arbroath Road for the Provincial College students has been erected. The new offices for the Board of Trade Labour Exchange in Dock Street have now been opened; and the new Savings Bank at the corner of Princes Street and Victoria Street will be opened

shortly. Extensive alterations have been made at the Gas Works, and the Tar Distillation plant at Carolina Port is now in operation. Loons Road has been widened at the west end, and also Clepington Road from Provost Road to Mains Loan, while the carriageway between Strathmartine Road and Provost Road is being laid with setts. Nearly a mile of the Broughty Ferry Tramway east of Craigie Terrace has been taken over by the Town Council, the price having been fixed by arbitration.

Ashcliff House, Perth Road, has been purchased by the Parish Council, and the children under their care have now been transferred to it.

The crusade against insanitary dwellings has been well maintained throughout the year, and closing orders have been placed on 68 one-roomed and 27 two-roomed houses, while 4 single rooms and 2 two rooms were voluntarily closed by owners.

There are several indications of change in the body corporate due to the War. The Free Library has issued fewer novels, and more books of history, biography, science, art, and crafts; the churches have been better attended; a Wednesday Prayer Meeting has been conducted by ministers of all denominations since the war began; the Prison cells have been comparatively empty; the number in the Poorhouse is smaller; football has declined, and sports generally have been at a minimum; cinema picture palaces and licensed premises, however, have had increased patronage. Licensed public-houses do not open now till 10 A.M., and are closed by special order at 9 P.M. A Coalition Cabinet was formed representing the whole nation, and party government for the time ceased. In public life controversy has been largely avoided, and a conciliatory spirit cultivated.

In the early part of the year there was an epidemic of measles and whooping-cough, and the death rate rose abnormally in consequence.

Many leading citizens have died during the year, and among the names are six Town Councillors—Ex-Provost Brownlee, ex-Lord Provost Mathewson, ex-Dean of Guild Smibert, ex-Bailie Quirk, ex-Bailie Melville, and ex-Bailie Ferrier. All these did manful work in their day, and were deservedly honoured. Other names are:—Sheriff Campbell Smith, the genial dispenser of justice; Sir James Donaldson, the Principal of St Andrew's University; George Caird, headmaster of Hawkhill School; John P. Shaw, builder; John Gray (of Messrs J. & J. Gray); Colonel Howard Hill; C. W. Scrimgeour, temperance and religious worker; J. C. Smith, editor of "The Soul-Winner," and A. M. Smith, his brother; the Rev. James George, Park U.F. Church; Rev. Hugh D. Morton, West U.F. Church, Lochee; Rev. William Wright, Parish Church, Lochee; Rev. John Macpherson, Hilltown U.F. Church; Rev. John Kennedy, Liff; Rev. Dr Mackness, Broughty Ferry; George C. Douglas, patent agent; William Kidd, bleacher; J. C. Johnstone, bandmaster; P. Spence Mudie, manufacturer; R. E. Corrie, of Messrs Corrie, Mackie, & Co.; Alexander Hutton, retired banker; Peter Kerr, British Linen Bank; John M. Watson, stockbroker.

COMPENSATION FOR LOSS OR DAMAGE OF UNINSURED PARCELS.

The Postmaster-General will, subject to certain rules, give compensation for the loss or damage of uninsured parcels sent by Parcel Post to various Foreign Countries (to amounts not exceeding 12s and 20s) when such loss or damage takes place while the parcels are under his custody; and in the case of parcels lost or damaged while under the control of the Post Offices of these countries, the Postmaster-General will endeavour to obtain compensation for the senders.

CASH ON DELIVERY SERVICE.

This arrangement for collecting from the recipient, for remittance to the sender, by Money Order or Postal Order, the value of articles sent by post, is in operation between Britain and the following countries:—Bahamas (Nassau only), Barbados, Bermuda, British Honduras, Cayman Islands, Cyprus, Egypt, Fiji, Gambia, Gibraltar, Grenada, Hong Kong, Jamaica, Leeward Islands, Malta, Morocco, Nigeria, Nyasaland, Rhodesia (Southern), St Lucia, St Vincent, Seychelles, Somaliland (British), Straits Settlements, Trinidad, Turkey (Beyrout, Constantinople, Salonica, Smyrna). The amount to be collected, or "Trade Charge," may not exceed £20. Articles may be sent as parcels, insured letters, or registered packets. The sender must (a) write, on cover of packet, his name and address, the amount in British currency of Trade Charge in figures and words, and name of office on which payment is to be drawn (no erasure or alteration allowed); (b) fill up a "Request Form"; (c) prepay a special fee by affixing 2d in stamps to Request Form. The ordinary postage and other charges must be prepaid in ordinary way.

The packet must be handed in at a Post Office, where the sender must obtain a certificate of posting, which is to be given up when the Money Order or Postal Order is presented for payment. The amount of the Trade Charge will be remitted directly to the sender, after deduction of fee due to office of delivery, and commission on Money Order or Postal Order. The rates charged as fee and commission for the various countries may be ascertained at the Post Office.

FOREIGN AND COLONIAL PARCEL POST—GENERAL REGULATIONS.

A parcel must not be posted in a letter box, but must be presented at the counter of a Post Office. The sender is required to make a Customs declaration furnishing a statement of the contents and value, the date of posting, and other particulars. Arrangements have been made with many Foreign Countries whereby senders may take upon themselves the payment of the Customs charges if they so desire.

On importation into Australia, Canada, New Zealand, Rhodesia, the Union of South Africa, and the Bechuanaland Protectorate, certain articles produced or manufactured in the United Kingdom are entitled, when accompanied by a suitable certificate or statement of origin, to preferential rates of Customs duty according to the tariff of the particular Colony.

Postal parcels not containing merchandise for sale and not exceeding £10 in value (£5 in the case of Canada), intended for importation into Australia, Southern Rhodesia, or Canada under the preferential tariffs, must be accompanied by a certificate of origin.

No letter whatever may be sent in a parcel addressed to any Foreign Country, or to many British possessions. Invoices in open envelopes may, however, be enclosed. Coin, jewellery, or any article of gold or silver, cannot be sent by Parcel Post to any Foreign Country or British Possession included in the insurance system, unless they are insured for at least part of their value, and packed according to special regulations.

Parcels should be securely packed, and must, if for Foreign Countries, be so sealed that they cannot be opened without the seals being broken.

POST OFFICE TELEGRAPHS.—INLAND TELEGRAMS.

The charge for telegrams throughout the United Kingdom is 6d for the first 12 words, and $\frac{1}{2}$ d for every additional word. Addresses are charged for.

Forms with embossed stamps can be obtained either singly or in books of 20, interleaved, and with a sheet of carbonic paper, price 10s 2d each book.

When the terminal office is a Head Post Office, the amount paid for transmission covers the cost of delivery within three miles or within the town postal delivery when that extends for more than three miles. But when it is not a Head Post Office, the message is delivered free within three miles only. The portage on messages for places beyond the limits of the free delivery will be at the rate of 3d a mile or part of a mile, the charge being reckoned from the limit of the free delivery.

Copies of a telegram directed to more than one person in the same free delivery are delivered at a charge of twopence per copy, in addition to a half-penny for each word in the address of the copy. Telegrams may be repeated, if the sender desires it, at one-half the ordinary tariff.

Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed "Telegram, Immediate" in a wall or pillar-box, or Sub-Post Office. Telegrams so posted are sent on by next collection to the Telegraph Office for transmission free of extra charge, provided that the proper amounts have been prepaid.

No combination of words is counted as one, with the exception of those which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "forty-seven." Certain exceptional names, such as O'Neil, MacDonald, De la Rue, are charged for as single words. So, too, are names with the prefix "St," as St Pancras; but double names of persons, like Smith-Payne, are counted as two words. Abbreviations of words, "can't," "won't," "don't," are counted as single words.

Figures are counted at the rate of five figures to a word. Fractions are counted according to the number of figures employed, one figure being added for the mark of division. In groups of figures a stop is counted as a figure. The symbols o/o, a/c, b/l, and c/o are each counted as one word. In ordinal numbers the affix st, nd, rd, or th is counted as two figures—thus "1st" counts as one word, "1432nd" as two words. When figures are preceded or followed by a letter (except in the case of ordinal numbers), the letter is counted as a word, but letters added to figures to denote the number of a house are counted as figures. Initial letters are each counted as one word, with the exception of the initials of the London Postal Districts, which are counted as one word for each group. Names of towns and villages in the United Kingdom are counted as one word each, irrespective of the number of words of which they are composed. When necessary to add name of town or county to the name of a place to distinguish from another of the same name, the name of town or county is not charged. When words are underlined, or in parenthesis or inverted commas, one extra word is charged. One word each is charged for signs of punctuation.

Anyone may register an abbreviated address on payment of a guinea a year.

The cost of a reply, not exceeding forty-eight words, may be prepaid, and a reply form will then be delivered to the addressee, who will be at liberty to use it for any inland message, at any time within twelve months.

FOREIGN TELEGRAMS.

In telegrams written in plain language the length allowed for a word is 15 letters. Additional letters are charged for at the rate of 15 letters to the word.

Subject to the limit as to number of letters, ordinary compound words and

names of persons and places, &c., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe, they are counted as so many separate words. Compound numbers written in words and without break are also counted as single words subject to the same limit as to the number of letters. The name of the office of destination in the address is charged for as one word whatever its length; and when the name of the country, state, province, or district has to be added the whole expression is charged for as one word. Every separate letter or figure is charged for as one word. Groups of letters in cypher and groups of figures are counted at the rate of five to a word. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

Telegrams in Code language are composed of words not forming comprehensible phrases, or of pronounceable groups of letters having the appearance of real words. Words of more than ten letters are not allowed. In Code telegrams English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin, may be employed.

Cypher is composed of Arabic figures or letters having a secret meaning. Letter and figure cypher cannot be combined.

The address of the sender is charged for, if transmitted; in any case it must be written at the foot of the form.

If the sender desires to prepay a reply he must insert before the address of the receiver "R P—", which is charged for as one word. A less sum than 10d cannot be accepted in prepayment of a reply.

Books containing 25 forms, each bearing 10d stamp, interleaved, can be obtained, price 21s each.

NIGHT TELEGRAPH LETTER SERVICE.

Night Telegraph Letters may be sent between any two towns in which the Head Telegraph Offices are open always for delivery by the first post the next morning—including Sundays if there is a Sunday delivery. The rate is 6d for 36 words or less, and $\frac{1}{3}$ d for every 3 words beyond 36.

Night Telegraph Letters must be in plain language. They should be written on telegram forms and the charges prepaid in postage stamps. They may be handed in at or telephoned to the Head Office of the town before midnight, or posted in time to reach it by midnight, prepaid at the above rate, in an envelope marked simply "Telegraph Letter." They may not bear multiple addresses; and registered telegraphic addresses will not be accepted.

RADIOTELEGRAMS.

Radiotelegrams are accepted at any Telegraph Office for transmission from various Coast Stations (both in the United Kingdom and abroad) to certain ships equipped with wireless telegraph apparatus. Radiotelegrams from ships are also received at such stations, and are thence transmitted to their destination by wire. The usual charge for a radiotelegram sent through a British Coast Station to an ocean liner is 10½d a word. Lower rates of charge apply to vessels making short voyages. Particulars may be obtained at Post Office.

INLAND REVENUE STAMPS, &C.

Inland Revenue Stamps of all kinds, Bill Stamps, Bankruptcy Stamps, Patent, Design, and Trade Mark Stamps and Forms, Dog, Gun, Motor, Game, and Private Brewers' Licenses, may be purchased at the Post Office. For list of Stamp Duties see page 64.

THE USE OF TELEPHONES FOR SENDING TELEGRAMS AND EXPRESS LETTERS.—Any subscriber to a Telephone Exchange may telephone messages to many Post Offices, so that these messages may be dealt with as Telegrams or Express Letters or Ordinary Letters; and Telegrams may be delivered by telephone instead of by messenger (if the subscriber has a registered telegraphic address). Telegrams may also be addressed to the telephonic addresses of Exchange subscribers for delivery by telephone. The address must comprise the subscriber's name, thus—"Jones, Midland 245, Birmingham," or "Jones, Hull 245."

An Express Letter telephoned to a Post Office is delivered for the usual Express Delivery fee if it does not contain more than 30 words, including the address. If it exceeds that number, each additional 30 words, or part thereof, is charged for as a separate Express Letter. Any subscriber to a Telephone Exchange may obtain the services of an express messenger by telephoning to the nearest Post Office.

STREET DIRECTORY.

See LIST OF STREETS, SQUARES, &c., at beginning of Directory.

NUMBERING OF STREETS.—In Dundee it has hitherto been the practice to number the Streets with the odd numbers on the *right* hand side of each street, and the even numbers on the *left*. In the Directory, therefore, the names have been arranged in the same way—the *odd* numbers first, 1, 3, 5, 7, &c., then the *even* numbers following in the reverse direction, as 8, 6, 4, 2. The Broughty Ferry Streets, however (with the exception of Monifieth road, and all streets in Barnhill), are so arranged that the order of the buildings (not in every case numbered) begins on the *left* hand side of the street, returning on the *right* hand side in the reverse direction. This should be kept in mind when consulting the Directory.

The List of Streets, Squares, &c., on page 19 (which has reference letters to denote the position of each street on the Plan of Dundee, and reference numbers and letters to indicate Registration Districts and Ward Boundaries) will be found serviceable in determining the situation of any required locality.

The plate herewith has been designed to meet a much-felt want in the Wash-house, as the methods hitherto adopted for fixing the Wringer to the earthenware tubs have been invariably unsuccessful, and have caused much inconvenience to the users.

The Plate is made in one piece and is of Cast-Iron—Galvanised to prevent Corrosion—and although fixed between the tubs there is no risk of cleavage, as the double flange bearing upon the tubs counteracts this tendency. The ends of Plate are chequered on both sides to give wringer screws a secure hold, and any ordinary size of wringer can be fixed to same.

MARYFIELD LAUNDRY,

DUNDEE.

DO you recognise the advantage of having your Washing done in a building specially adapted for the purpose, with every Modern Convenience, and under the most Sanitary Principles and Hygienic Conditions?

Maryfield Laundry is situated in the outskirts of the City, and whenever possible Clothes are dried in the Open Air and Bleached on the Green. SUNSHINE and FRESH AIR are everywhere recognised as essentials to Health and Cleanliness.

We combine hand work with power, and every article is treated separate by hand during the process of washing, as by so doing the least possible wear takes place and perfect washing is assured.

We wash Flannels and Woollens by a process of our own, rendering them beautifully soft and fleecy and free from shrinkage.

Careful Washing. Good Colour. Perfect Finish.

Orders by Post Card (or Phone 1893) receive prompt attention.

"They have Eyes

but see not"—is undoubtedly the reason why many people find so little beauty in the world. Their eyes take in the big things, but fail to see the smaller and finer things. The pity is they rarely realise how much they miss which others enjoy. Fortunately sight which is below normal can be wonderfully helped with modern glasses. Eye service, which is lastingly satisfactory, from

The Dundee Royal Infirmary.

THE ROYAL INFIRMARY was founded in 1782, and has gradually increased its provision for the sick and hurt by building and by undertaking the control of branch Institutions until now there are over 530 beds available for the treatment of patients. The number under treatment during 1914-15 was—indoor, 4589; the number of persons who attended for advice or medicine at the outdoor departments was 14,369; while 9085 visits were made by Nurses from the Maternity Hospital to patients at their own homes. At the Convalescent Home 1195 patients received the advantage of a rest after their illnesses, and at the Sidlaw Sanatorium the treatment of 112 children and 65 adults was continued with beneficial results.

The cost of maintenance of the Infirmary for last year was £21,472, considerably increased owing to the war, and the ordinary income £14,396; and there was a deficit in the accounts of the Convalescent Home of £307 and of the Sidlaw Sanatorium of £510.

The Directors have determined to add to the accommodation for sick children, and they make a special appeal for endowing and naming the new cots. The sum necessary to endow a cot is £1050, to name one, £210. Subscribers are earnestly solicited to *increase* their Subscriptions, and to induce those of their friends who do not contribute to the Funds to become Subscribers. The names and addresses of any who are likely or willing to subscribe should be sent to the Treasurer,
